

AUSTRALIAN & NZ ABY & SOMALI CATTERIES

This table is an extract from my world catteries table, and is meant to list all Abyssinian and Somali breeding catteries in Australia and New Zealand for all time, i.e., since 1956 in NZ and 1960 in Australia. It is provided here both for information, of which there is a lot (even if these catteries represent only just over 8% of the world's total), and also to seek information. As you can see, there are quite a few empty cells, so if you can answer questions like who was Abbison, where was Alagana located and are there any missing catteries, please send me an e-mail.

Note that breeders' names are shown telephone-book style, surname first. Where a cattery has two or more breeders with different surnames, only the first one is reversed, as is done with book references. For instance, if a cattery is owned by Jane Smith and Brian Jones, they will be shown as Smith, Jane, and Brian Jones. Where a woman bred under two different names, e.g., maiden and married names, the first name is shown in parentheses, e.g., "Englund (Auckram), Lynda." Also, honorifics like Mr, Mrs, Ms or Miss are used to indicate the gender of the breeder only if the name offers no clues.

Cattery	Active Period	Breeders	Breed	Area	Comments
AUSTRALIA					
Aahmes	1977-78 & 1994	Mulherin-Wallace (Peberdy), Denise	Aby	NSW/QLD
